OMEXCO
Fine Belgian Wallcoverings

Omexco is a Belgian brand of fine wallcoverings, founded in 1976. In our atelier close to Brussels, we design and manufacture exquisite wall decorations to dress your rooms in tactile beauty. Printed, woven or natural, each one of our creations is custom cut to bring poetry to your space. Reducing our environmental footprint is at the heart of every decision we make, since the seventies. We don't cover your walls, we make them stand out.

Tactile walls, made to be caressed...

The KHATAM collection reveals the most beautiful characteristics of cork, a stunning natural renewable material. Soft to the touch with beautiful nuances in tone, this cork collection has a matt finish.

We were inspired by the intricacy of Venetian floor patterns and the exquisite designs of Persian marquetry which fuse Eastern and Western artwork.

Production is precise yet sophisticated. Bark from the cork oak is harvested, combined in block form, cut into delicate leaves, placed onto a metallic background, then coloured or printed. The natural beauty of the cork is gently enhanced through unique dyeing methods. The colours are embellished with gold, silver or copper sparkles.

We have also created two stunning marquetry designs. The artisan positions each delicate leaf of cork by hand onto a fine geometric design to form magnificent inlay patterns, resulting in a luxurious elegant wallcovering.

A timeless collection of contemporary neutral tones and shades contrasted with striking jewel colours of peacock blue, charcoal, leaf green and red rust. Intimately connected with nature, the KHATAM collection is authentic, elegant and entirely suited to modern living.
